# DIALING A LOCAL CALL

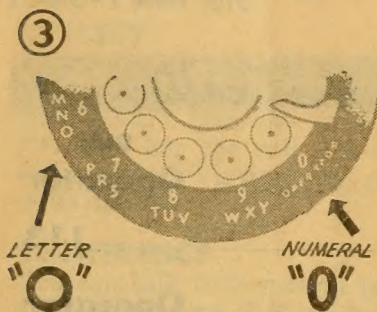

**LOOK UP  
and  
JOT DOWN  
the number.**

Keep it in front of you as you dial.

**HEAR the DIAL TONE  
before you dial.**

**DIAL the SEVEN NUMERALS  
or  
TWO LETTERS  
and then the  
FIVE NUMERALS**

Be careful not to confuse the numeral "0" (zero) with the letter "O".

**4 AFTER DIALING you will hear -**

## THE RINGING SIGNAL

A soft "burr-r-ring" sound repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer, about 10 rings, before you hang up.

## THE BUSY SIGNAL

A steady "buzz-buzz-buzz" sound means the called line is in use. Hang up and call again later.

## LOCAL CALLS TO BE DIALED DIRECT

The following are local calls and may be made by dialing the listed number:

FROM	TO
Great Bridge	Norfolk and South Norfolk
Great Bridge	Portsmouth

Portsmouth and South Norfolk	Virginia Beach
Portsmouth	Great Bridge
Portsmouth	Norfolk and South Norfolk

## SPECIAL INSTRUCTIONS FOR PARTY LINE CUSTOMERS

**Norfolk, Portsmouth and South Norfolk  
Customers-**

A busy signal repeatedly encountered may mean that you are calling another party on your line, in which case a special code and procedure will be required. To determine if a party is on your line, dial "114". Give her your number and the number of the party you are calling. She will tell you if the party is on your line and will give you the code for reaching him. If you know that a desired party is on your line, dial "Operator"; give her your number and ask her for the proper code. The code for reaching another two-party customer is "1191"; (JU (58) and MA (62) "1181").

**Great Bridge Customers-**

If upon dialing a number you encounter a busy signal, and after hanging up, your bell immediately starts to ring, it indicates you are calling another party on your line. When your bell stops ringing the called party has answered. If the called party does not answer within a reasonable time, lift your receiver to stop your bell from ringing. If you are in doubt as to whether or not a number is on your line, you can dial "7" and obtain the information.

# HELPFUL INFORMATION

## Automatic ANSWERING SET

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set, which answers the telephone mechanically when no person is available to answer and then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory.

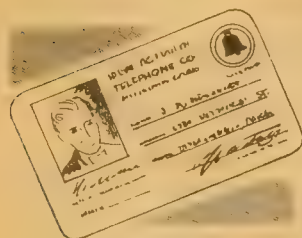

Some of these sets will also receive and record a message from the caller.

## When You Hear A "BEEP" TONE

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

## BLUE BOOK OF TELEPHONE NUMBERS

For faster service this attractive Blue Book of Telephone Numbers provides a handy place for keeping your personal list of local and out-of-town numbers. To obtain without charge, just call, write or visit your business office.

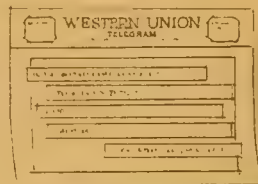

## Employee IDENTIFICATION CARDS

For your protection, any employee who visits customer premises carries an official identification card showing his or her name and signature. If you have the slightest doubt about anyone who says he's "from the Telephone Company" ask to see his card.

## TO GET A NUMBER FROM INFORMATION

If you cannot find the number in your directory or in your personal list of telephone numbers, dial 113. Great Bridge dial "Operator" and ask for Information. When the Information Operator answers, first give her the name of the city or locality you are calling. Then give her the name and address of the party whose number you want. By first specifying the city or locality, you will insure faster service.

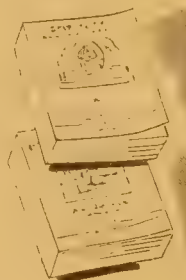

## TELEGRAMS

by

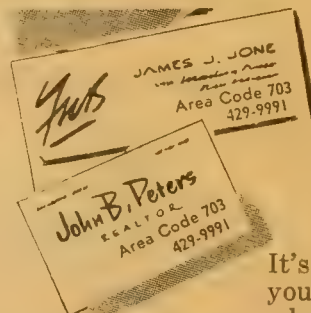

## TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company—see the listings of that Company in this directory—and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

## OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained by our customers at a nominal charge. Call your Business Office. . . . Telephone directories of the principal cities and towns in the United States may be consulted at 740 Granby St., Norfolk, 804 High St., Portsmouth or 103 S. Road St., Elizabeth City, N. C.

## Your TELEPHONE NUMBER

Is Important

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your Area Code 703 too—it helps distant parties call you faster.

## TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities, on file with the appropriate Regulatory Commissions are available in our Business Offices for public inspection.
